

Harris Street Trail

Location: Atlanta, Georgia
Client: PATH Foundation
As Subconsultant to Glatting Jackson
Type: Bicycle/Pedestrian Improvements
Funding: Private

Project Information:

- The existing four-lane street in downtown Atlanta between Centennial Park Drive and Piedmont Avenue will be converted into a two-lane street with a multi-use trail, separated by a raised median.
- Development of the project required extensive coordination with adjacent property owners, including: America's Mart, Marriott Marquis, and Atlanta Hilton. The design must accommodate access for buses and heavy trucks to the adjacent facilities.
- Curb ramps are included to provide ADA compliant pedestrian access along existing sidewalks.

Scope of Services:

McGee Partners' responsibilities included:

- Preparation of Concept Layouts
- Preliminary Construction Plans
- Final Construction Plans
