

Glade Road Safety Improvements

Location: Bartow County, Georgia
Client: Bartow County
Type: Minor Roadway Safety Improvements
Funding: Federal (Including ARRA) & Local

Project Information:

- 4 miles of safety and geometric improvements along a 2-lane roadway from Apache Drive to Red Top Mountain State Park.
- Horizontal and vertical geometry improvements along the winding roadway will provide desirable stopping and intersection sight distances for a consistent 35 mph design speed.
- Impacts to Allatoona Lake park facilities required extensive coordination with the US Army Corps of Engineers.

Scope of Services:

McGee Partners' responsibilities included:

- Preparation of GDOT Concept Report & Layouts
- NEPA Environmental Studies and Documentation (EA/FONSI)
- Preliminary Construction Plans
- Right Of Way Plans
- Final Construction Plans
- NPDES Permitting

The Glade Road at Buckhorn Trail and Catfish Court Improvement Project has been identified as the first phase of construction. ARRA Funds have been certified for right of way acquisition, and the Atlanta Regional Commission has allocated Urban Area Federal Funds for construction.
