

## North Metro Tech Access Road

**Location:** Bartow County, Georgia

**Client:** Bartow County

**Type:** Minor Road New Location

**Funding:** Local

**Project Information:**

- Construction completed in 2008
- In order to improve access from Glade Road to North Metro Technical College, a 0.5 mile new location roadway was constructed. Urban shoulder sections, with some sidewalks, were included.
- Minor impacts to perennial and intermittent streams required use of Nationwide Permit.
- Project development was completed on an accelerated eight-month schedule.

**Scope of Services:**

McGee Partners' responsibilities included:

- Preparation of Concept Layouts
- USACOE Nationwide Permit
- Preliminary Construction Plans
- Right Of Way Plans
- Final Construction Plans
- Water & Sewer Relocation Plans
- NPDES Permitting
- Construction Administration & Inspection

The new roadway provides more direct access to North Metro's campus from I-75 and provides access to future building sites on the school's property. The project was a collaborative effort between North Metro's Administration, Bartow County and McGee Partners.
