

US 29/SR 8 at Paper Mill Road & SR 124

Location: Gwinnett County, Georgia
Client: Gwinnett County DOT
Type: Major Road Safety & Operational Improvements
Funding: Local

Project Information:

- Construction completed in 2009
- The project provided additional intersection and lane capacity, improved pedestrian facilities, and improved operations and safety along a 0.6-mile section of SR 8/US 29/ Crogan Street in the City of Lawrenceville.
- Proposed improvements were coordinated with GDOT since two state routes were affected.
- The widening of SR 8/US 29/Crogan Street was designed to avoid impacts to two cemeteries at the beginning of the project as well as avoiding any permanent impacts to Rhodes Jordan Park along the north side of Crogan Street.
- Approximately 1120 feet of retaining walls were constructed to minimize impacts to local businesses.

Scope of Services:

McGee Partners' responsibilities included:

- Preparation of Concept Layouts
- Preliminary Construction Plans
- Right Of Way Plans
- Final Construction Plans
