

Kimball Bridge Road at North Point Parkway

Location: Alpharetta, Georgia
Client: City of Alpharetta
Public Works Department
Type: Intersection Operational Improvement
Funding: Local

Project Information:

- Construction completed in 2010
- The project improved the operations of the intersection through the addition of turn lanes.
- Upgraded pedestrian facilities and the addition of bike lanes were also included in the project.
- The design was coordinated with the adjacent federal-aid project prepared by GDOT to replace the Kimball Bridge Road bridge over Big Creek.

Scope of Services:

McGee Partners' responsibilities included:

- Preliminary Construction Plans
- Right Of Way Plans
- Final Construction Plans
