

Eagle's Landing Parkway

Location: Henry County, Georgia
Client: Henry County SPLOST
Type: Major Road Safety, Operational and Capacity Improvements
Funding: Federal (ARRA), State and Local

Project Information:

- Design complete
- The project consists of 2.5-mile widening of an existing 2-lane roadway to a 4-lane with a 44' depressed median, urban shoulders, bike lanes, and sidewalks.
- Two existing bridges will be replaced over Norfolk-Southern Railroad & Pates Creek.
- A substantial subsurface drainage system was required.
- The project was designed to easily accommodate two additional lanes in the future within the 44' median.

Scope of Services:

McGee Partners' responsibilities included:

- Preparation of GDOT Concept Report and Layouts
- NEPA Environmental Studies and Documentation
- Subsurface Utility Engineering
- Preliminary Construction Plans
- Right Of Way Plans
- Final Construction Plans
- NPDES Permitting
