

Project Sheet

Frog/Luella Road

Location: Henry County, Georgia
Client: Henry County SPLOST
Type: Minor Road Paving and Drainage Improvements
Funding: Local

Project Information:

- Construction completed in 2007
- The project consisted of a 1.4-mile 2-lane collector roadway with rural shoulders.
- Extensive horizontal and vertical alignment improvements, intersection and drainage improvements were required.
- Considerable effort was needed to avoid significant utility relocation, including force main and major water lines.

Scope of Services:

McGee Partners' responsibilities included:

- Preparation of Concept Layouts
- Public Involvement
- Environmental Permitting
- Preliminary Construction Plans
- Right Of Way Plans
- Final Construction Plans
- NPDES Permitting

All tasks related to the design of the Frog/Luella Road project were completed in nine months.
