

Panola Road Widening

Location: Clayton County, Georgia
Client: Clayton County Department of Transportation & Development
Type: Major Road Capacity Improvement
Funding: Local

Project Information:

- The project consists of widening 2 miles of an existing two-lane roadway to four lanes with an urban median, curb & gutter and sidewalks.
- The project will provide additional capacity along Panola Road from Ellenwood Road to the Henry County line. The project will improve pedestrian access along the corridor, as well as provide for safer, more efficient operations for trucks and vehicular traffic.

Scope of Services:

McGee Partners' responsibilities included:

- Preparation of Concept Layouts
- Preliminary Construction Plans
- Right Of Way Plans
- Right Of Way Acquisition
- Final Construction Plans
- Construction Administration & Inspection
